NNE Construction Inc,
Directional Drilling –
Utility Contractor

Nevada License:

#0069071

#0069072

#0073131

To whom it may concern,

Harker and Harker Inc originally, and now PAR Electrical Contractors, Inc a wholly owned subsidiary of Quanta Services has worked with NNE Construction on various projects over the years but it seems like more often lately.

Along with a variety of smaller projects, NNE has recently been our directional drilling subcontractor on two major NDOT projects, the first being in their own backyard in Elko and another in Carson City and Washoe County. No matter where the location, NNE has always shown up on time and ready to perform as needed to meet or exceed our schedule.

NNE always has the tools, equipment and manpower required to complete their scope with little or no assistance from us. They're willing to work with PAR and the owners to determine the best approach and are prepared to adapt to any changes to better the finished product. They are a service orientated company from start to finish, providing fair and reasonable quotes and producing documentation of their bores when the job is complete. From the office staff to the crews in the field NNE goes on and above to ensure all is satisfactory.

We have been more than pleased with NNE's performance and always look forward to working with them. If you have any questions please feel free to give me a call, thanks.

Sincerely,

Ray Taft

PAR Electrical Contractors, Inc.
